

# AI IN FINANCE: TRANSFORMING INVESTMENT MANAGEMENT

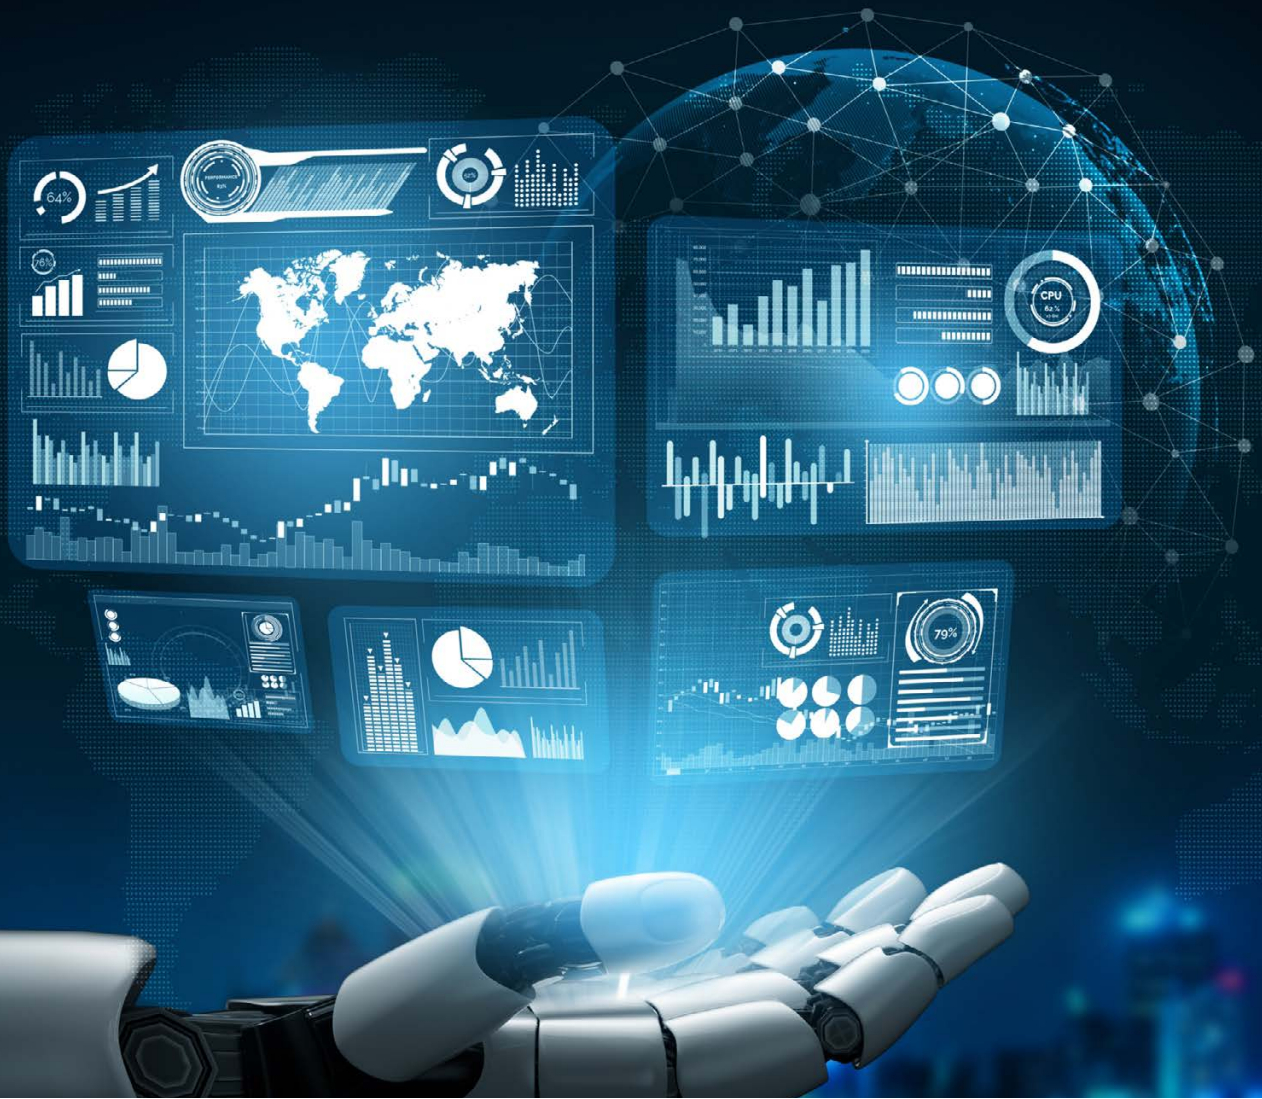

**February 10, 2024**  
10:00 am - 5: 30 pm IST

**FLAME University**  
Campus, Pune

CFA Society India, in partnership with FLAME UNIVERSITY, is pleased to invite you to an event on AI in Finance, hosted at the FLAME University campus in Lavale, Pune on Saturday, February 10, 2024.

Have you ever been curious about the massive wave of change that Artificial Intelligence (AI) is bringing to financial services and investment management? With the advent of Generative AI, the paradigm shift is as monumental as it is inevitable.

Here is your chance to learn from our upcoming event on Saturday, February 10, 2024 at 10 AM IST! Hear directly from the industry experts. They will share their insights on how AI is reshaping the landscape of finance and investments, and why this should matter to you.

Here's a sneak peek at what we'll cover:

**The AI Revolution:** Understand the big shift that is happening in finance and investments, and why it concerns you.

**Smarter Decisions:** Explore how AI is helping financial professionals make informed, strategic decisions and how it can do the same for you.

**Risk Management:** We will delve into how AI can be a game-changer in spotting risks early and helping organizations stay resilient.

**New Opportunities:** Discover the untapped potential AI brings to the table in terms of innovative financial products and services.

Do not miss out on this chance to equip yourself with the knowledge you need to navigate the AI-driven financial world. We are looking forward to seeing you there!
